New MyCryptoPay Website for Mobile Devices

June 30th, 2021

The CryptoPay Control Panel now offers an improved experience when accessed via a mobile web browser.

- **No More Pinch & Zoom –** The mobile website is designed specifically for mobile devices, and provides an improved user experience on small screens without the need for panning or zooming.
- **Larger Links and Buttons –** Larger buttons make navigation easier on touch screens.
- **Full Feature & Service Access –** The mobile website provides access to all the same services and features as the desktop site.

To visit the mobile site, simply load https://www.mycryptopay.com/login in your mobile web browser – ***the same URL as you use on the desktop***.
